

LOAD SKATES (WITH TURNTABLE)

Load skates are low profile load movers, designed to facilitate the moving and positioning of a wide range of loads such as heavy equipment, machinery and bridge structures

The option of a turntable ensures load skates are adaptable for your load moving needs

- Available in capacities varying from 5 to 75 tonne.
- Optional turntable and positioning handle available for all models.
- High visibility colours for safety purposes.

CODE	WLL (per tonne)	Height including turntable (mm)	Turntable Top Dia. (mm)
